Minutes of The Public Procurement Committee held by Round Robin on March 26 2025.

PPC-2025-HSA-022-DA – Renewal of Service Contract for Imaging Equipment.

The PPC reviewed this application by round robin on March 26 2025 and voted to approve the request.

A round robin was held by the Public Procurement Committee to review a submission received from The Health Services Authority on February 12 2025, seeking to renew a service imaging contract, that was set to expire on February 28th 2025.

Due to technical issues the documentation did not make the Agenda for the March 6 2025 Public Procurement Meeting, so it was decided due to the urgency, that the item would be reviewed by round robin.
